**OASIS Introduces Reusable Instrument Line from E. Janach**

*Glendora, CA* – OASIS Medical announces the introduction of the E. Janach reusable instrument line to be distributed in the United States. E. Janach, based in Italy, has offered high quality innovative, ophthalmic instruments since 1932. E. Janach offers a full line of cataract, retina, transplant and emergency instruments. OASIS will be the exclusive U.S. distributor of the E. Janach line. The instruments will be on display at the OASIS booth #225 at this year's AAO.

Founded in 1987, OASIS Medical has specialized in the development, manufacturing, and marketing of eye care products for ophthalmic professionals. For more information please contact Meredith Packer via email to [meredith@oasismedical.com](mailto:meredith@oasismedical.com). To place an order, please call OASIS Customer Service at 800.528.9786
